

Dear Conference Participants,

For participation and presentations at the 23rd Annual Conference of the Hellenic Finance and Accounting Association, if you choose to attend via teleconference, the ZOOM application will be used. The [session links](#) are included in the program, which you can find [here](#).

On Friday, December 20, 2024, from 10:00 to 12:00, a Test Teleconference will be held for those who wish to familiarize themselves with the application and its functionality. (In case of any issues, you can contact Mr. Stratos Karatzidis at +30 2310 891687 or via email at kstratos@uom.edu.gr.) The link for the Test Teleconference is:

<https://zoom.us/j/98223865296>

Regarding the installation of the application on your personal computer and how to connect to the conference, you can find a detailed video guide explaining the steps at the following link:

<https://support.zoom.us/hc/en-us/articles/201362193-Joining-a-Zoom-video-call>

Using the "Share" feature (the relevant icon is located at the bottom center of the screen), the application allows the presenter to share their screen with all participants in the digital session room. This enables presenters to display a presentation as needed, which will be visible to all participants in the session.

The application is also available for mobile devices (tablets or smartphones) for those who prefer it.

For any clarifications, you may contact Mr. Patakas at +30 6972083005 or via email at apatak@uom.edu.gr.

The HFAA Conference Team
